Pass Usage Guide for Pick 3

Mobile Pass

- Download the app and log in.
- Register your Mobile Pass from the 'More' tab in the app.
*If you purchased your Pass from the DSP official website or app, it will be registered automatically without any additional registration process.
- Check your registered pass under 'My Pass' in the center of the Home screen.
- Select your registered Pass, then choose your desired attraction under 'Select Attractions'. You can change your selected attraction at any time before admission.
* Theme parks are available only with the Pick 3 Theme Park Pass.
- Admission and use are available only at the selected attraction. At the attraction, tap the 'Show QR Code' button and exchange it for an admission ticket.

Card Pass

- Pick up your card at the designated location.
*If you purchased your Pass through another seller, you can pick it up only at the designated location provided by that seller.
- Download the app and log in.
- From the 'More' tab in the app, tap 'Register Card Pass', then scan the QR code on the back of the card to register your Pass.
- Check your registered pass under 'My Pass' in the center of the Home screen.
- Select your registered Pass, then choose your desired attraction under 'Select Attractions'. You can change your selected attraction at any time before admission.
* Theme parks are available only with the Pick 3 Theme Park Pass.
- Admission and use are available only at the selected attraction. At the attraction, present the QR code on the back of the card and exchange it for a ticket.
