What is College of Global Eminence?

College of Global Eminence is a new school that has two majors: Global Leader and Global Business. Students can enter the College of Global Eminence without deciding which major to choose. There is a period for undergraduates to submit applications to a major before the 2nd year. Students can freely decide their major according to their aptitude and interest. The College of Global Eminence has unique curricula and offers the best educational experiences to students.

Global Leader at Kyung Hee

Global Leader offers a carefully constructed curriculum that is helpful to students who want to enter law school and become a leader of globalized society. The curriculum of Global Leader contains various subjects such as law, administration, politics and diplomacy, economics, etc.
